THE MOST IMPORTANT THING YOU CAN DO AS A HOMEOWNER IS TO FOLLOW THE ADVICE OF YOUR INSURANCE COMPANY.

YOU MADE THE RIGHT DECISION WHEN CHOOSING YOUR INSURANCE COMPANY, NOW MAKE THE RIGHT DECISION WHEN CHOOSING YOUR RESTORATION CONTRACTOR.

WHAT TO LOOK OUT FOR:

- A reputable contractor will always have a back log of jobs, be cautious of the contractor that can start tomorrow
- A contractor on your doorstep unannounced
- Unsolicited literature or phone calls
- Out-of-state phone numbers, license plates or lack of verifiable identification
- Free material upgrades
- Request of payment before project completion or a construction start draw

WHAT TO EXPECT FROM A GOOD RESTORATION CONTRACTOR:

- Proper business credentials
- Locally established history with references
- The ability to provide a detailed estimate of repair, a contract outlining the restoration procedure and a three day right of recession document.
- A scheduled project start date with a completion date (subject to change due to unforeseen weather delays)
